

GENDER-BASED VIOLENCE

In association with Learning Disability Managed Care Network (MCN)

Thursday 31st August
13:00-15:00

Microsoft Teams

Description - The session will discuss findings from SCLD's research about women with learning disabilities who have experienced gender-based violence, as well as providing information on resources created by Public Health Scotland, Talking Mats and SafeLives, to support them.

Aim - to raise awareness of the issues facing women with learning disabilities who experience gender-based violence and to explore resources to help learning disability practitioners support this group of women both safely and effectively.
